

## Jan Felts Bullock

May 4, 2007

Dear Dave:

I appreciate your dropping the manuscript off for me to read. I had hoped to be able to contribute in some way, but after reading it, I don't feel like I can be a part of this project.

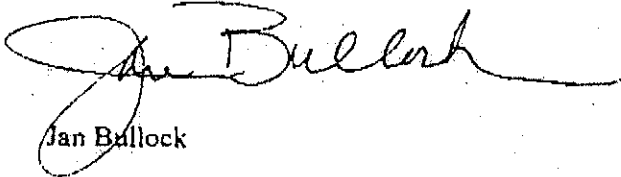

When I asked for footnotes, you only offered to show me the sources for the mistakes I found. I frankly found a lot of mistakes and many things in the book to be urban legends, gossip and distorted accounts. I feel like it slanders innocent people and is just downright mean to others.

But, what bothers me the most is the tone towards Bob. He did so much good for the people of Texas and monumentally improved the way state government operated. But so much of that is either ignored, or overshadowed by all the twice-told stories about Bob Bullock, many, with no truth to them at all.

I would have wanted to have felt some pride in the book after I read it, but frankly I felt only sadness that someone who Bob thought wasn't objective about him, is, in my opinion, indeed, not objective.

I believe that the benefits of Bob's accomplishments for Texas are enduring, and I think those accomplishments have gone largely unnoticed here.

Sincerely,

Jan Bullock
